Dear Hiring Team,

## 1 About Me

I am a highly motivated Full-Stack Developer with over 4 years of experience in designing and building scalable web and mobile applications. My technical expertise includes proficiency in **React**, **TypeScript**, and back-end technologies like **Node.js** and **Express**. I have a strong foundation in **microservices architecture** and **event-driven systems**, and have consistently delivered production-quality code while focusing on testing, monitoring, and documentation. I have worked in agile environments, collaborating with cross-functional teams to create innovative solutions that enhance user experiences and support business objectives.

## 2 Why RWE

The IT Developer Graduate Programme at RWE Supply & Trading caught my attention due to its unique rotational structure, offering the opportunity to work across different functions such as application development, embedded IT for commercial business, and enterprise integration. I am particularly drawn to RWE's commitment to driving efficiency and innovation within the energy sector, as these are values that I hold in high regard. The chance to rotate through international locations, including London, Singapore, and the USA, further enhances the appeal of this programme, providing a global perspective on IT solutions in the energy industry. I am eager to contribute to RWE's mission and to deepen my understanding of the energy trading landscape through hands-on experience in various IT functions.

## 3 Why Me

I believe my combination of technical expertise, adaptability, and enthusiasm for continuous learning makes me an excellent fit for this programme. My passion for IT development and working in a **DevOps** environment aligns

perfectly with RWE's goals of fostering innovation through agile practices. My ability to quickly learn and adapt to new challenges, coupled with my analytical mindset and problem-solving skills, will enable me to contribute meaningfully to your team. I am excited by the opportunity to work alongside experts in the field, learn from their experiences, and grow within RWE's dynamic and supportive environment.

Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences align with the objectives of the IT Developer Graduate Programme. Please find my CV attached for further details.

**Sincerely,**
