

Azeem Sarwar (Software Engineer)

☎ +49 1522 4214567 | @azeemsarwar1@gmail.com | 📧 azeemsarwar | 🌐 azeem-sarwar | 📍 Berlin, Germany

Software Engineer (Working Student) specializing in Full-Stack Development with a strong foundation in **React Native**, **React.js**, and **Node.js**. Currently pursuing a Master's in Computer Engineering at the University of Applied Sciences Nordhausen, Germany. Proven experience in developing scalable web and mobile applications, integrating cloud solutions (**AWS**), and maintaining secure, efficient codebases. Passionate about clean code, modular architecture, and delivering user-focused solutions. Strong collaborative mindset with a proactive approach to problem-solving.

SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, Python, SQL

Mobile Development: React Native, Expo, Redux, Redux Toolkit, Context API, React Navigation, React.js, Next.js

Frontend Development: React.js, Next.js, Tailwind CSS, Styled Components

Backend & APIs: Node.js, Express.js, RESTful APIs, GraphQL, JWT, OAuth 2.0

Cloud & Infrastructure: AWS (EC2, S3, Lambda), Docker, GitHub Actions, CI/CD Pipelines

Testing & Quality Assurance: Jest, React Native Testing Library, TDD, Code Reviews

Payment Integration: Stripe, PayPal

App Deployment: App Store, Google Play

Tools & Platforms: Visual Studio Code, Postman, Figma, GitHub, GitLab, Slack, Jira, Trello

Soft Skills: Leadership, Mentorship, Cross-Functional Teamwork, Agile Collaboration, Problem-Solving

Languages: English (Fluent), Urdu (Native), German (A1)

EXPERIENCE

Mid-Chain Technologies

Islamabad, Pakistan (Remote)

Lead React Native Developer — Senior Mobile Application Developer

Jan 2022 – Current

- Led the full lifecycle of scalable **React Native** mobile applications, implementing modular architectures for maintainability and scalability.
- Enhanced app performance by 40% using advanced state management (**Redux**, **Context API**) and optimized rendering techniques.
- Integrated secure RESTful APIs and ensured data integrity with **JWT** and **OAuth 2.0**, maintaining compliance.
- Implemented payment gateways (**Stripe**, **PayPal**), providing secure and reliable payment processing.
- Deployed and managed applications on **App Store** and **Google Play**, ensuring smooth release cycles.
- Automated testing using **Jest** and **React Native Testing Library**, achieving 90% code coverage.
- Streamlined CI/CD pipelines using **Docker** and **AWS**, maintaining 99.9% application uptime.
- Collaborated with cross-functional teams to design, develop, and deploy high-performance mobile features.
- Mentored junior developers and interns, promoting best practices in React Native and scalable architecture.
- **Technologies:** React Native, Redux, Context API, TypeScript, JWT, OAuth 2.0, AWS, Docker, Jest, React Native Testing Library, Stripe, PayPal.

System Pvt. Limited

Islamabad, Pakistan

React Native Developer — Mobile Application Developer

Jul 2021 – Dec 2021

- Developed responsive, mobile-first applications using **React Native**, ensuring optimized user experiences.
- Increased app performance by 35% using **Redux** for efficient state management and optimized rendering.
- Integrated secure APIs, enhancing app reliability and data security.
- Implemented **Stripe** for secure payment processing.
- Deployed mobile applications to **App Store** and **Google Play**, managing releases and updates.
- Collaborated in Agile sprints, ensuring feature delivery aligned with user requirements.
- Mentored junior developers, enhancing their understanding of React Native best practices.
- Utilized **Expo** and **Firebase** for rapid prototyping and scalable backend integration.
- **Technologies:** React Native, Redux, Expo, Firebase, Stripe, App Store, Google Play, Agile.

PROJECTS

Alliance Platform

- Developed a **.NET** and **React.js** platform for university departments to manage shared resources and projects.
- Optimized **SQL Server** queries, reducing data retrieval time by 30 percent.
- **First Prize Winner** at the university’s annual software exhibition.

EDUCATION

Nordhausen University Of Applied Sciences

M.Sc. in Computer Engineering Internet of things; –

PMAS Arid Agriculture University

B.S Software Engineering; –

Nordhausen, Germany

Oct 2024 – Present

Rawalpindi, Pakistan

Oct 2018 – 2022
