Experienced React Native Developer with 4+ years of experience building and leading scalable mobile applications using **React Native**, **JavaScript**, and **TypeScript**. Proficient in designing secure, high-performance apps with expertise in **modular architecture**, **state management (Redux, Context API)**, and **RESTful APIs**. Skilled in **CI/CD pipelines**, **cloud deployment (AWS)**, **payment integrations (Stripe, PayPal)**, and **app store management (App Store, Google Play)**. Strong leadership and mentorship abilities with a proactive, team-oriented approach to problem-solving.

SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, Python, SQL

Mobile Development: React Native, Expo, Redux, Redux Toolkit, Context API, React Navigation, React.js, Next.js

Frontend Development: React.js, Next.js, Tailwind CSS, Styled Components

Backend & APIs: Node.js, Express.js, RESTful APIs, GraphQL, JWT, OAuth 2.0

Cloud & Infrastructure: AWS (EC2, S3, Lambda), Docker, GitHub Actions, CI/CD Pipelines

Testing & Quality Assurance: Jest, React Native Testing Library, TDD, Code Reviews

Payment Integration: Stripe, PayPal

App Deployment: App Store, Google Play

Tools & Platforms: Visual Studio Code, Postman, Figma, GitHub, GitLab, Slack, Jira, Trello

Soft Skills: Leadership, Mentorship, Cross-Functional Teamwork, Agile Collaboration, Problem-Solving

Languages: English (Fluent), Urdu (Native), German (A1)

EXPERIENCE

Mid-Chain Technologies

Islamabad, Pakistan (Remote)

Senior React Native Developer

Jan 2022 – Current

- Led the end-to-end development of scalable **React Native** mobile applications, implementing a modular architecture that improved maintainability and scalability.
- Enhanced app performance by 40% through advanced state management with **Redux** and optimized rendering techniques.
- Integrated secure RESTful APIs and ensured data integrity using **JWT** and **OAuth 2.0**, protecting user data and meeting compliance requirements.
- Integrated payment solutions using **Stripe** and **PayPal**, ensuring secure and reliable payment processing.
- Deployed applications to **App Store** and **Google Play**, managing release cycles and updates.
- Automated testing with **Jest** and **React Native Testing Library**, achieving 90% code coverage and ensuring code reliability.
- Implemented CI/CD pipelines using **Docker** and **AWS**, maintaining 99.9% application uptime.
- Collaborated with cross-functional teams to define, design, and ship high-performance mobile features, ensuring seamless user experiences.
- Mentored junior developers and interns, providing guidance on React Native best practices and code quality.
- **Technologies:** React Native, Redux, TypeScript, JWT, OAuth 2.0, AWS, Docker, Jest, React Native Testing Library, Stripe, PayPal.

System Pvt. Limited

Islamabad, Pakistan

React Native Developer

Jul 2021 – Dec 2021

- Built responsive, mobile-first applications using **React Native**, focusing on optimized user experiences.
- Improved app performance by 35% through state management with **Redux** and efficient rendering techniques.
- Integrated secure APIs and optimized data handling, enhancing app reliability.
- Integrated payment solutions using **Stripe** for secure transactions.
- Deployed applications to **App Store** and **Google Play**, managing updates and compliance requirements.
- Collaborated in Agile sprints, ensuring timely delivery of features and alignment with user requirements.
- Mentored junior team members, helping them understand React Native development best practices.
- Utilized **Expo** and **Firebase** for rapid prototyping and scalable backend integration.
- **Technologies:** React Native, Redux, Expo, Firebase, Stripe, App Store, Google Play, Agile.

PROJECTS

Alliance Platform

- Developed a **.NET** and **React.js** platform for university departments to manage shared resources and projects.
- Optimized **SQL Server** queries, reducing data retrieval time by 30 percent.
- **First Prize Winner** at the university’s annual software exhibition.

EDUCATION

Nordhausen University Of Applied Sciences

M.Sc. in Computer Engineering Internet of things; –

PMAS Arid Agriculture University

B.S Software Engineering; –

Nordhausen, Germany

Oct 2024 – Present

Rawalpindi, Pakistan

Oct 2018 – 2022
