Hiring Manager

MULTA MEDIO

Würzburg, Fulda

Date: March 16, 2025

Subject: Application for Working Student Software Development (m/f/d)

Dear Hiring Manager,

I am excited to apply for the **Working Student Software Development (m/f/d)** position at your esteemed company. With a strong background in frontend development, particularly in **React.js**, **React Native**, and **TypeScript**, I am eager to contribute my skills to your innovative team while continuing my studies in Computer Science.

About Me:

As a highly motivated developer with **3+ years of experience**, I have worked extensively with modern web and mobile technologies, including **React.js**, **React Native**, **GraphQL**, **Redux**, and **Tailwind CSS**. My expertise in UI/UX optimization, performance improvements, and state management allows me to develop high-quality applications. Additionally, my experience with **Gantt charts and Kanban boards** has enabled me to design intuitive workflows for project planning and execution.

Why Me?

- Strong knowledge of **React**, **TypeScript**, **Express.js** and **GraphQL**, aligning with your technology stack.
- Experience in developing scalable and high-performance applications.
- Passion for writing clean, maintainable code and following best practices such as code reviews and testing (**Jest**, **Cypress**).
- Effective collaboration with cross-functional teams, ensuring seamless integration of frontend components.
- Enthusiastic about continuous learning and professional development.

Why This Job?

I am particularly drawn to this role because of your company's focus on **high-quality software development**, **innovative technologies**, and a **collaborative work environment**. The opportunity to be involved in the **entire software lifecycle**, from analyzing requirements to quality assurance, excites me. I appreciate your company's commitment to professional growth, flexible working conditions, and a supportive team culture.

I would welcome the opportunity to discuss how my experience and skills align with your needs. Thank you for your time and consideration. I look forward to hearing from you.

Best regards,

Azeem Sarwar
